Come enjoy Sporting Clays under the lights. Our entire Central course will have light towers set up at each station. A fun and different way to shoot Sporting Clays. Afterwards, join us at the club house for Steak Night!

Winter Night League runs from November 29th – January 4th. League nights are Wednesday and Thursday evenings with the course opening at 6:00pm and closing at 9:00pm. Start and end times may vary due to lighting conditions.

Format is pretty close to the same as last year. Only difference is this year it will be a six week league shooting 100 Sporting Clays each week. Participants are welcome to shoot both, Wednesday and Thursday with your highest score being used for league scoring. Shooting is all European rotation, meaning you can start anytime you like provided you are finished by 9:00pm (times may vary due to lighting conditions).

SCORING

6 weeks of shooting are available. After week three is complete, classes will be assigned and will remain the same for the duration of the league.

You must shoot a minimum of four out of six weeks to qualify for ranking and prizes. If you shoot all six weeks, your lowest two scores will drop off. Classes are determined by a modified Lewis Class system using your two highest scores from the first three weeks. Scores will be emailed out starting after week three and will also be posted on the Winter Night League webpage.

LEAGUE PRIZES

League prizes are awarded at the finals on January 4th. Prizes awarded to 1st and 2nd place in each class. Greater Ladies Concurrent! Special prizes awarded to classes in the Greater Ladies concurrent!

FEES

Member entry fees are \$60.00 for 100 targets. Guest entry fees are \$70.00 for 100 targets. (Guests are not eligible for league prizes, and standard guest rules apply.)

** Members are not required to shoot all 6 weeks. If you would just like to get out and have some fun one or two times, please do!*

*** If during the league GHSC management feels that participation is too great to support the European rotation format, we will switch to a squad-ed format.*
